

New Source Review newspaper advertisements for construction permit applications, April 14, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: April 12, 2016, April 13, 2016, or April 14, 2016. Public notices are generally published every two weeks. The previous publication of public notices was March 31, 2016.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is JSP International, LLC with a mailing address of 102 Parham, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 26-0190-01/970999) for a natural-gas boiler operation at the same address above. This existing operation consists of one (1) natural gas-fired boiler and associated equipment used to produce steam. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Franklin County "Herald-Chronicle"-- publish once on Tuesday, April 12, 2016.

The applicant is SPEEDWAY LLC With a mailing address of 500 Speedway Drive, Enon, OH 45323. They seek to obtain air contaminant permit(s) (Division identification number(s): 50-0160-01/971495G for Installation of gasoline storage tanks. The facility is located on 1609 N. Locust Avenue, Lawrenceburg, TN 38464. The requested operation is for the approval to emit regulated air pollutants. Mr. Jim A. Attar is the assigned Division person.

For the Lawrence County "Democrat Union"-- publish once on Tuesday, April, 12, 2016.

The applicant is Rifkin Acquisition Partners, LLC dba Charter Communications with a mailing address of 6399 South Fiddler's Green Circle, Suite 600, Greenwood Village, CO 80111. They seek to obtain an air contaminant permit (Division identification number: 51-0041-01/971440P) for construction of an Emergency Generator at 100 Cable Rd., Hohenwald, TN 38462. This proposed operation would consist of a diesel fired emergency generator used to provide emergency electrical power. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Powers is the assigned Division person.

For the Lewis County "Lewis County Herald"-- publish once on Thursday, April 14, 2016.

The applicant is Nashville Ready Mix of Murfreesboro with a mailing address of 605 Cowan Street, Nashville, TN 37207. They seek to obtain an air contaminant permit (Division identification number: 75-0072-01/971496P) for the modification of a Concrete Batch Plant located at 2107 N.W. Broad Street, Murfreesboro, TN 37129. This existing operation consists of aggregate stockpiles, three storage silos, and associated equipment used to produce transit mix concrete. Dust collectors and wet suppression are used for pollution control. The requested modification is for an increase in annual production. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. J. Pratt is the assigned Division person.

For the Rutherford County "Daily News Journal"-- publish once on Thursday, April 14, 2016.

The applicant is Nashville Ready Mix of LaVergne with a mailing address of 605 Cowan Street, Nashville, TN 37207. They seek to obtain an air contaminant permit (Division identification number: 75-0433-01/971497) for the modification of a Concrete Batch Plant located at 480 Mason Road, LaVergne, TN 37086. This existing operation consists of aggregate stockpiles, three storage silos, and associated equipment used to produce transit mix concrete. Dust collectors and wet suppression are used for pollution control. The requested modification is for an increase in annual production. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. J. Pratt is the assigned Division person.

For the Rutherford County "Daily News Journal"-- publish once on Thursday, April 14, 2016.

The applicant is CHSPSC, LLC with a mailing address of 4000 Meridian Boulevard, Franklin, TN 37067. They seek to obtain an air contaminant permit (Division identification number: 94-0383-01/971404) for construction of a diesel engine at 225 Noah Drive, Franklin, TN 37067. This existing operation consists of (1) diesel-fired engine (40 kW) and associated equipment used to produce power. Due to the amount and type of emissions, the use of control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. J. Pratt is the assigned Division person.

For Williamson County "AM Section of the Tennessean"-- publish once on Wednesday, April 13, 2016.
